

First day 19 February 2025

Poster Session: Hall 105

Moderator:

ا.د. وسن عبد الكريم + ا.م. ايمان صياح + م.د. ايناس رفعت + م.د. نديم عبد الستار + م.د. محمد عبد الوهاب

No.	Researcher name	Research title	Department
1.	Mays Fadhil M.kadhum, Ghaidaa S. Hameed	Solubility enhancement of furosemide using different pharmaceutical approaches for enhancement of the drug performance in pediatric patient	Pharmaceutics
2.	Sarah Sabah M. ^{*1} ,Athmar DH. H. Al-Shohani	Preparation and evaluation of gastro retentive floating unfolding film of Baclofen	Pharmaceutics
3.	Haider H. Kikawoos ^{*.1} , and Athmar DH. H. Al-Shohani	Preparation and evaluation of biodegradable double-layer insert of Sulfacetamide sodium for ocular drug delivery	Pharmaceutics
4.	Sarah Jabbar Abd Alhur, Hasanain Shakir Mahmood	Fabrication and Assessment of Ethosomal Gel for Effective Transdermal Delivery of Loxoprofen	Pharmaceutics
5.	Mina Safa Aziz*, Methaq Hamed Sabar	Factors influencing formulation and optimization of polyelectrolyte complex as raft systems containing ondansetron hydrochloride	Pharmaceutics
6.	Aymen Mohammed Basset, Ghaidaa S.Hameed and Dalya Basil Hanna	Improving Antifungal Activity of Itraconazole By Solid Dispersion Then Formulated as Vaginal Suppositories	Pharmaceutics
7.	Khatab Duraid Razooqi, Ghaidaa S. Hameed, Ali R.M. Albakaa	A Comparative Assessment of Capsule Formulations Based on Amorphous Solid Dispersion and Salt Formation of Indomethacin	Pharmaceutics
8.	Haydar Mahmood Ahmed And Iman Sabah Jaafar	Factors affecting gelation time and temperature of liquid suppository	Pharmaceutics
9.	Fatima Mahdi Salh, Manal Khalid Abdulridha	Ovarian Reserve Assessment among Apparently Healthy Women Using Hormonal Contraceptives	Clinical pharmacy
10	Aya Fawzi Talib, Mohammed Mahmood mohammed	The Possible role of IL-6 gene single nucleotide polymorphism (rs1800796) at its promoter region	Clinical pharmacy

		as a predictor of Rituximab response among Iraqi patients diagnosed with Rheumatoid Arthritis	
11	Mohammed yawuz jamal, Nizar Abdulateef Jassim, Nasser A. Al-Harchan	Clinical Significance of Presence Anti-Adalimumab Antibodies in Patient's Serum with Rheumatoid Arthritis	Clinical pharmacy
12	Saifaldeen J. Naser, Baydaa H. Abdullah and Huda Jaber Waheed	Evaluation of plasma elastase alpha-1-proteinase inhibitor levels in Iraqi pregnant women with urinary tract infection	Clinical lab sciences
13	Ghazwan A. M. Raouf, Fouad K. Mohammad , Muayad A. Merza	Potential toxic impacts of SARS-COV-2 among hospitalized COVID-19 patients in Duhok province, Kurdistan region, Iraq	Clinical lab sciences
14	Sarah Ahmed Obaid and Prof. Dr. Rana Mujahid Al-Shwaikh	Combination effect of bacteriophages with ceftazidime and ciprofloxacin against multi-drug resistant <i>Pseudomonas aeruginosa</i> isolated from wound and burns infection	Clinical lab sciences
15	Naghham Saadi Mohammed, Mustafa Riyadh Abdullah, Tabark Mundher Noaman, Shaimaa imad Shukur, Halah H Al-Haideri	Genetic Fingerprinting Relationships between <i>Escherichia coli</i> and <i>Staphylococcus aureus</i> isolated from different sources	Clinical lab sciences
16	Rasha Kareem Mohammed and Alyaa Razooqi Hussein	Study the antibacterial and antibiofilm activities of ethanolic extract of <i>Datura stramonium</i> L. against clinical isolates of <i>Pseudomonas aeruginosa</i>	Pharmacognosy
17	Khetam Habeeb Rasool ¹ , Maarb Salih Abdulraziq, Maryam Qasim Mohammed, Shahad Qasim Shalaka ⁴ , Baneen Khalid Ismail ⁵	Evaluation of Certain plants Extracts on some pathogenic bacteria Isolated from Burn Infection in Baghdad Province.	Pharmacognosy
18	Teeba Sarem Sadeq, Nadia H Mohammed, Inam Sameh Arif	The Immunomodulatory Effect of Ivermectin in Vasculitis Rat Model	Pharmacology
19	Asaad Abass Fadhel khalif , Bahir Abdul Razzaq Mshimesh, Deyaa Abdul Hussein Abood, Safaa Abdulsattar Oudah Al-Qaysi	Comparative study between adenine and folic acid as optimal model to induce anemia of chronic kidney disease in male rats	Pharmacology

20	Safa Abd Abbas Nahi, Ahmed A. Mohammed, Inam Sameh Arif	The effect of SIRT1 aptamer on thioredoxin interacting protein as an anti-inflammatory therapy via an in vitro study	Pharmacology
21	Luma Saad Baqir, Mohammed J. Manna, Haider Raheem Mohammad, Murtadha S. Jabur	Intraocular hypotensive effects of cinnarizine vs timolol in experimentally induced glaucoma	Pharmacology
22	Sarah Alauldeen Jabbar, Wrood Salim Al-khfajy	Evaluation the safety and efficacy of Imatinib for the treatment of cancer (clinical and <i>in vitro</i> study)	Pharmacology
23	Noor Mohammed Mousa, Abdull Jabar Attia, Karima Fadhil Ali, Vesen Atiroğlu	Design, Molecular Docking, and Pharmacokinetic Evaluation of Thioimidazole-4-one Derivatives for Asthma Treatment	pharmaceutical chemistry
24	Israa Abad Alrasol Mohamed Sadeq, Mohammed Dheyaa Al-Ameedee, Ali Rasool Mahmood Albakaa.	Computational Evaluation of Molecular Docking and Molecular Dynamic, Study of New Acyloxyalkyl Carbamates Prodrug Derivatives of Fluoxetine	pharmaceutical chemistry
25	Mariam Saeb Jasim, Monther Faisal Mahdi, Fouad A. Al-Saady.	Molecular Docking, Synthesis and Preliminary Pharmacological Evaluation of New (2-Methyl Benzimidazole-1-yl)-N-Derivatives having Imidazolidinone Moiety	pharmaceutical chemistry
26	Mohammed Abdul Jabbar, Ayad Kareem Khan, Karima Fadhil Ali.	In Silico Molecular Docking, Molecular Dynamics Simulation, and ADME Study of New Heterocyclic Rings Derived from Benzimidazole as Antifungal Agents	pharmaceutical chemistry
27	Hala Ayad Mohamed Rasheed, Suaad M. H. Al-Majidi.	Synthesis, Molecular Docking Study, Anti-Oxidant and Cytotoxicity Evaluation of New Spiro Six Membered Ring Derivatives of 5-Nitro Isatin.	pharmaceutical chemistry
